

Figure 1: samples with learning rate =  $1e-4$

## 6.2. Report

### 6.2

We can see that the generated samples are more sparse and do not perform as well when the learning rate gets smaller.

(The other two graphs are on the next page.)

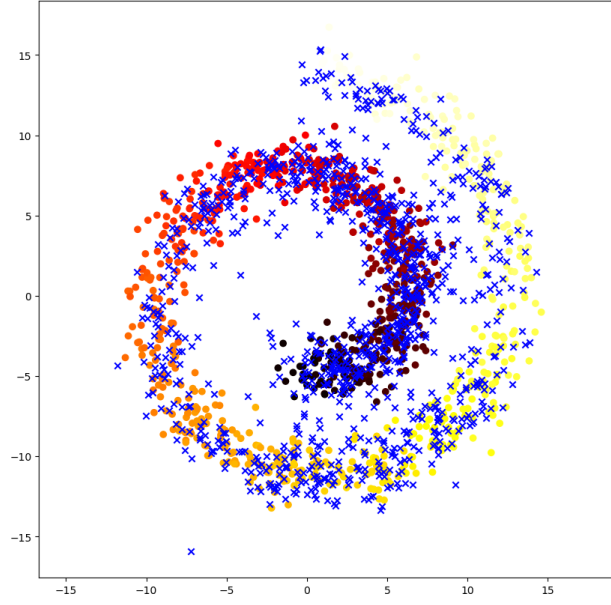

Figure 2: samples with learning rate =  $2e-3$

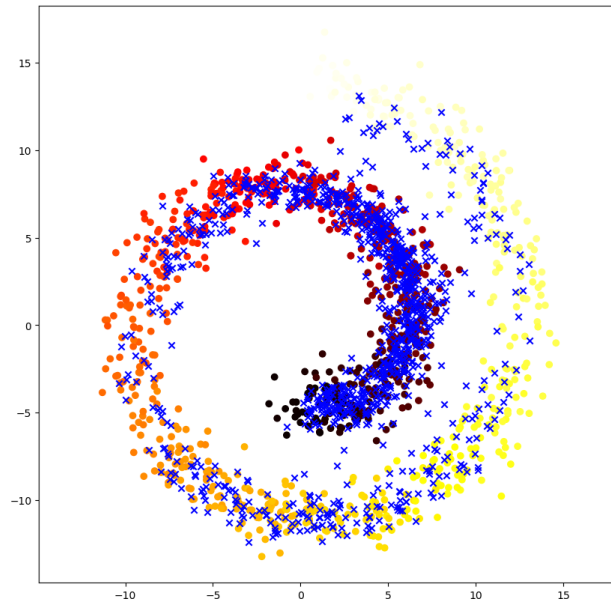

Figure 3: samples with learning rate =  $1e-2$
